

LIPA
THE LIVERPOOL INSTITUTE
FOR PERFORMING ARTS

GRADUATING ACTORS 2023 SHOWCASE

BA (Hons) Acting
BA (Hons) Acting (Screen & Digital Media)

MAKE PERFORMANCE POSSIBLE

WELCOME

Our third year BA (Hons) Acting and BA (Hons) Acting (Screen & Digital Media) students come to you fresh from a contemporary and vibrant training ground. Both courses facilitate the training of actors in traditional performance approaches for stage and screen, as well as digital platforms, from unconventional perspectives. This allows for the interpretation of classic works for cultural resonance and to allow our actors the opportunity to investigate new works with robust technical underpinning.

Our Showcases events are always an exciting encapsulation of our training. This year, we're showcasing our two acting courses simultaneously at this live event. You can also view our actors' digital showreels and voicereels on our Graduating Actors webpage via the QR code.

It's an exciting time for LIPA acting, with graduates leaving our institute to immediately take up employment in first-class TV and film work, as well as West End and regional theatre.

Furthermore, led by our new Principal/CEO, we are undertaking a major expansion of our sector leading professional training portfolio within the newly created School of Performance by introducing three-year Acting courses in Musical Theatre and Actor Musicianship, as well as one-year funded foundation courses to open access for a drama school training.

Please join me in wishing our **#LIPAactors2023** the very best of luck as they undertake the first stage of their exciting careers.

Will Hammond
Director of the School of Performance
