Stage One: Self-tape Audition Guidelines

2025 Entry

Thank you for your interest in training with us – we're delighted to invite you to the first stage of our auditions.

Stage One: Self-tape

Please record the pieces outlined below for your self-tape and combine all four items on to one self-tape. Please submit this within ten days of the date you receive your invitation.

You should complete the submission form at the end of this document, save it following the naming guidelines, and upload it to our applicant portal.

1. Identifier

Please state your name directly to camera.

Tell us which course you are most interested in studying at LIPA, and why.

Tell us the titles of the three pieces you are performing for us, and your musical instrument skills.

2. Contemporary speech (no longer than 2 minutes)

Please choose a speech from a play written after 2000. This play should reflect your own age and life experiences. We recommended that you use a monologue in which your character is talking to another character in the play for two minutes, without them exchanging dialogue with you in that time, rather than a character that is talking to the "audience" for two minutes.

3. Song 1 (no longer than 2 minutes)

Please choose **one song** from the Song List (at the end of this document) which demonstrates your singing ability, allows you to interpret song and to communicate images and stories. You should edit your choice to a 2-minute version.

4. Song 2 (no longer than 2 minutes)

Please choose **any song** of your choice that best illustrates your skills on a musical instrument of your choice. Your selection is not restricted to LIPA's Song List or the conventional musical theatre canon and can be any style or genre, such as a piece of popular music, rock or an original song. If you can provide vocal accompaniment, this

is also another opportunity to demonstrate your singing ability. Most importantly, we should be able to see your musical instrument skills.

Submitting your Stage One: Self-tape

Your identifier and three pieces should be edited together into one single video file. Please upload your self-tape to a video hosting platform (e.g. YouTube or Vimeo). If using YouTube, please upload your clips as 'unlisted' and ensure that this is viewable until 31 August 2025. Please do not send us links to WeTransfer or email attachments.

Complete and attached the submission form (at the end of this document), including the link to the recording. Please save and name the submission form in capital letters with your SURNAME-FORENAME, followed by the word 'SELFTAPE' e.g. SMITH-JANE. SELFTAPE and upload this to our applicant portal. Details about the applicant portal have been emailed to you.

Next steps

A selection of candidates will be asked to visit LIPA for a Stage Two recall audition, or at one of our overseas audition events planned in the USA, Norway and Hong Kong.

How to record your self-tape

We want to be able to see and hear you as if you were in front of us at an audition, but you don't need expensive equipment to do this. You can shoot this on a smartphone but please use the back camera, which is usually of higher quality than the front facing one. If you have access to a DSLR or a good quality camera that's great, but please do not use a laptop or webcam. Please follow these tips:

- Hair: Make sure it doesn't cover your face.
- Lighting: Shoot with a light source in front of you, not behind (you'll be in silhouette) or off to one side. Avoid harsh shadows and/or fluorescent lights directly overhead. Natural light is best.
- Sound: Good sound is vital so find somewhere quiet with no background noise. If you use an external microphone it needs to be as close as possible (1-2m).
- Background: Use a plain, clear and uncluttered background. Make sure that your top contrasts with the background (if it's a white background wear a colourful top, if it's a black background don't wear black or a very dark colour).
- Landscape: always shoot your tape landscape, not portrait (horizontal, not vertical).
- Eyeline: Your lines should be fed slightly to the left or right of the camera. This is to open your face up to the camera without looking down the lens.
- Props: Don't allow any props to distract from the action.
- Keep it steady: Ideally use a tripod or aim to keep the camera level and steady.
- Medium – close-up: Don't use the digital zoom - if you need to get closer then move the camera closer. It is important your framing is correct, as shown below.
